SkyRC Ares 9150KV 3.5T BL Sensored Motor for 1/10 CAR

Price	45.00 Euro
Availability	Not available
Shipping time	24 hours
Number	163
Producer code	SK-400003-10
Manufacturer	SkyRC

Product description

ARES series brushless motor incorporates radial fan in its front end bell, creating powerful airflow to dissipate heat. The high efficient cooling system enables cooling operating temperature during and after running compared to motor of others.

Like all SKYRC brushless motors, the ARES Brushless motor is hand-wound for maximum copper fill, and each motor is individually tested for consistency to ensure the best product is sent to customers.

Features:

- High Purity Copper Windings Maximizes Conductivity;

- Precision Engineered for Maximum Energy Conversion;

Specifications:
