### Product description

## SkyRC BUMPGO NFC Stickers (5pcs)

#### New BUMPGO NFC Technology

Thanks to the new BumpGO NFC technology, complete charging presets can be saved on a small NFC sticker. The sticker can then be applied to the battery and, before the next charge, a simple scan of the top side is enough to get started. So you can say goodbye to settings every time.

These stickers are compatibles with the D200 Neo+ charger.
